COUNTY CALL.

Precinct Conventions Ordered For
Saturday July 14, at 2 p. m.

At a meeting of the Democratic Executive Committee held in Frankfort, Ky., May 20, it was ordered that on Saturday, July 14, 1900, at 2 p. m., standard time, there shall be held in each of the voting precincts of all the counties of the State at the usual voting places, a precinct convention for the purpose of appointing delegates to the county convention to be held at the Court house, Monday, July 16, at 2 p. m., which county convention shall in turn appoint delegates to a State Convention to be held in Lexington, Ky., on Thursday, July 19, 1900, for the purpose of nominating a Democratic candidate for Governor.

The basis of representation for precinct delegates shall be one for each fifty votes, and fraction over twenty-five cast for Bryan Electors in 1896. The basis of representation for county delegates shall be one delegate for each two hundred votes, and fraction over one hundred cast for the head of the Democratic electoral ticket at the Presidential election in 1896.

All persons who will be legal voters in the State next November, who are devoted to the principles of the Democratic party, and desire to see these principles succeed, who by participating in the district and county convention will feel in honor bound to support the nominee of the Democratic party for Governor, are hereby invited to participate in said meetings.

ISAAC GARROTT, Chairman.
GEO. E. GARY, Sec'y.

This call carries the choice of a candidate for Governor as near into the home of the voter as possible. This is the good old Democratic way. Let every good Democrat in this county go to his precinct and take part in the proceedings, for his vote will be counted as cast. Let old Kentucky be found in the Democratic column this November where she belongs and with her old time majority. Let nothing keep you from your precinct convention on the 14th July.

By order of the committee,
ISAAC GARROTT, Chair.
GEO. E. GARY, Sec'y.

Absence of body is often better than presence of mind.

The popular view of the relation of the blood to human character and conduct is marked in many a familiar expression. We speak of there being "bad blood" between people at enmity, of "blue blood" as indicating ancestry, of "black blood" as describing a treacherous nature, and in many another phrase mark our belief that in the mental, moral and physical man, "the blood is the life." The one basis of a healthful, happy and useful life is pure blood. With the blood pure, disease has no permanent lodging place in the system. For this reason the use of Dr. Pierce's Golden Medical Discovery which rids the body of disease which have their origin in impurity of the blood. It absolutely purifies the blood, carrying off the waste and poisonous matter, increasing the action of the blood making glands, and building up the body by supplying the blood in quantity and quality such as is essential to a condition of health. It cures ninety-eight people out of every hundred who give it a fair trial.
